### The Evolution of Entertainment

Congratulations on your engagement. A wedding is one of the most important events in a lifetime. Let us help you make the decision regarding your entertainment needs a simple one.

Before your special day we will meet with you to go over all the details from the beginning to end; from the Grand Entrance to the First Dance, Father-Daughter dance, Mother-Son dance, toast, Cake Cutting, Garter-Bouquet and any other special activities you would like to do. We will answer all your questions, listen to your needs and share ideas from our experience.

At your event we will coordinate with all the other event staff to ensure your wedding flows beautifully. We will keep all your special guests informed and entertained. Our meticulous attention to detail will ensure that your reception proceeds according to your wishes.

Remember, your DJ should act as a "spokesperson" for you and your family at your reception so that you and your loved ones can enjoy the special day. And it is important for you to feel comfortable with and trust the person you are hiring. "I want to be that person."
