ClubSport fitness resort is a private sports facility with an array of programs and amenities for individuals and families who are forging a healthy and active lifestyle.

This impressive 150,000 square foot complex offers members a complete range of state-of-the-art circuit training, free weights and cardiovascular equipment. A 5-court gymnasium hosts volleyball, basketball, badminton and the occasional dodge ball tournament. And for those that prefer group fitness, this club offers over 100 classes per week ranging from basic aerobic fitness classes to Zumba. In addition there is an outdoor aquatics center with a resort pool, waterslide, spa and cabana, a six-lane indoor lap pool, four racquetball and two squash courts; a juice bar, restaurant and an 11,000 square foot club-within-a-club for children under the age of 12.

One of the most impressive features of this club is the Rock Gym. It's the largest indoor rock climbing facility in Oregon and frequently used as the site for USCCA competitions. The gym features bouldering areas, as well as top roping and lead climbing routes. Classes are offered for climbers of all abilities with certified climbing instructors who are accomplished outdoor climbers.

ClubSport is ADA accessible.

**Bravo! Member Since 2000**
