### About Ramona's

For over 30 years we have delivered a great impression for our clients. Ramona's continues that tradition with our unique collection for gift baskets. Ramona's features award winning Northwest wines, microbrews, cheese, sausage, smoked salmon, fresh fruit, breakfast mixes, pastas, sauces, jams, coffee, tea and...you get the idea. At Ramona's we take great care in creating baskets brimming with gourmet foods and gifts that will be long remembered. We are sweet as can be with many varieties of the finest chocolates, cookies and confections that you have ever tasted. A basket full of delicate soaps, lotions, bubbles and candles can pamper and smooth or welcome a visitor to the northwest. We arrange and decorate each basket to fit the season, occasion and the recipient, and our style is one of a kind. Now and then you find customer service that goes above and beyond, well there's a reason Ramona's has been around for more than 30 years.
